Rev 4.0
MADE IN THE USA

**Kit Contents:**

- ① (4 qty) M6x20 button head fastener
- ② (4 qty) M6 washer
- ③ (4 qty) 4mm aluminum spacer
- ④ (4 qty) 18mm oversized washer
- ⑤ (4 qty) M6 nylock nut
- ⑥ (2 qty) M6x20mm flat head fastener
- ⑦ (2 qty) 8mm aluminum spacer
- ⑧ Stainless steel fender mount

Recommended Tools:

- ① 4mm allen tool
- ② 10mm socket
- ③ 8mm socket
- ④ 1/4" driver
- ⑤ 1/4" ratchet

- ① Use an M8 socket driver to remove the (2qty) OEM fasteners that hold the voltage regulator in place. You will be reusing these two fasteners.

- ② Use the same 8mm socket tool to remove the two fasteners that hold the turn signal light mount bracket on to the triple clamp. You will need to hold the voltage regulator out of the way while you do this.

- ③ Use a 5 mm Allen tool to remove the (4qty) OEM fender mount bolts shown.

- ④ Remove the fender and insert the (4qty) aluminum spacers into the fastener wells as shown (*plastic prototype spacers shown above*). Now place the high fender mount bracket on top of the aluminum spacers so that the holes align. Insert the (4qty) M6x20 button head fasteners and washers as shown.

- ⑤ One fastener at a time, slide one of the (4qty) 18mm oversized washers over the shaft of the M6x20mm button head on the underside of the fender, then using a 4 mm allen tool and a 10 mm socket put one of the (4qty) nylock nuts on the shaft and tighten until one thread is past the nylon. Do this for all (4).

- ⑦ Place the voltage regulator guard back in its place now on top of the fender bracket mount, then using an 8mm socket reinsert and tighten the (2qty) OEM fasteners.

- ⑥ Use the (2qty) M6x20 flathead fasteners provided and mount the upper fender mount bracket as shown using the included (2qty) 8mm spacers to fill the space behind the bracket. *(photo above shows prototype hardware)*

- ⑧ Double check that all of your fasteners are tight and you are ready to ride. After the first ride go back and doublecheck that all fasteners remain tight and no loosening has occurred.

CONGRATULATIONS!

You've completed your installation. If at any point you have questions about your installation or have any feed back for us, we'd love to hear it. A downloadable version of these instructions can be found at our web site. www.AltRider.com

After 5 hours of riding, or 100 miles, check all the fasteners on the assembly to ensure they are tightened to spec.

TERMS OF USE, WARRANTY AND LIABILITY WAIVER

AltRider LLC, a Washington company, having its principal place of business in Seattle, WA ("AltRider") offers its motorcycle accessories (the "Product") with the terms, conditions and notices as follows:

Terms of Use

This Product is offered to you conditioned upon your acceptance without modification of the terms, conditions, and notices contained herein. Installation and/or use of this product implies acceptance of all such terms, conditions, and notices. If you do not agree to these terms, do not buy the Product. If you have already bought the Product and do not agree to these terms, return this Product promptly including the packaging and all written materials, to AltRider.

Limitation of Liability and Warranty Disclaimer

You may return your merchandise for a full refund or exchange, less any original or return shipping fees under these conditions:

1. Only if the merchandise is in 100% factory condition. Original manufacturer's packaging and same condition as sold – original boxes, packaging material, instructions, documentation, parts, and attached tags.
2. Only unused, unscratched, uninstalled, undamaged merchandise will be accepted. Do not install equipment until you are sure you want to keep it. Package items carefully in protective materials before returning them. Never ship an item in its original manufacturers packaging – it will arrive damaged. Please use a postal box or other adequate packaging to ensure your return or exchange is not damaged on the way back to AltRider.com.

To read more about our exchanges and returns policy, on the web, navigate to <http://www.altrider.com/info/exchangesAndReturns>

Excepting the warranties stated in the preceding paragraph, AltRider hereby disclaims all other warranties and conditions with regard to the Product including all implied warranties and conditions of merchantability and fitness for a particular purpose. There are no warranties which extend beyond the description on the face hereof. AltRider does not warrant against damages or defects arising out of use or installation of the Product. Installation instructions are provided for your convenience. AltRider is not responsible for any damages arising out of the installation, improper or otherwise, of the Product. No warranty of any kind, expressed or implied, is made regarding the safety of this Product.

To the extent allowed by law, AltRider shall not be held liable for any direct, indirect, punitive, incidental, special or consequential damages arising out of, or connected with, the use or misuse of this Product. Buyer assumes all risks and liability arising from use of this Product.

Entire Agreement

This document states the entire obligation of AltRider with respect to the Product. If any part of this agreement is determined to be void, invalid, unenforceable or illegal, including, but not limited to the warranty disclaimers and liability limitations set forth above, then the remainder of the agreement shall remain in full force and effect.

Applicable Law

This agreement is governed by the laws of Washington, USA. You hereby consent to the exclusive jurisdiction and venue of the courts of Washington, USA, in all disputes arising out of or relating to the use of this product.
